ANTAL RÉKA

FRONTEND WEB DEVELOPER

PROFESSIONAL EXPERIENCE

Front-End Developer with experience in Vue.js, helping companies create and maintain a better code base for reusability. Capable of being a helpful team member while continuously learning from seniors. Eager to tackle more complex problems and continue to find ways to maximize user efficiency.

WORK EXPERIENCE

WebGurus | Web developer

March 2022 - November 2023

- An application system which helped me discover how a real project works. Learned to code more efficiently useing Tailwind CSS framework
- An ERP system, where I gained expertise about how to build dynamic compenents
- A music-industry application, which made me adapt to an ongoing project. I evolved in semantic programing and Nuxt to improve the sites from Seo perspective.
- A project about music and movies, there I got a glimpse of Angular. Also improved my time management skills.
- A security application, where I realised how important is to make a reliable, strong base for a project.
- A marketing platform, which tought me how a Firebase database works and to debug useing Sentry logs

July 2021 - February 2022 - Internship Trainee

- Started learning Vue with a To-do list app
- Using GitKraken showed me the way a team could work together

Magic Solutions | Intership trainee

June 2019 - July 2019

- Explored React, with the help of a small project
- Learned about version control with SourceTree
- Completed tasks for a live project

EDUCATION

University of Babeș-Bolyai, 2017-2021

Bachelor of Business Informatics, Faculty of Economics and Business Administration
